

BUILDING PRODUCT DECLARATION BPD 3

in compliance with the guidelines of the Ecocycle Council, June 2007

1 Basic data									
Product identification					Document ID 18.12				
Product name Pump group SFK 110-120	Product no/ID designation 55020100-55020500				Product group 5502				
New declaration	In the case of	In the case of a revised declaration							
Revised declaration	Has the product changed?								
	□ No □	Yes	Changed product can be identified by						
Drawn up/revised on (date) 2018-05-11 Inspected v					ithout r	evision on (da	ite)		
Other information:									
2 Supplier informatio	n								
Company name ESBE AB				Comp	any reg.	no/DUNS no			
Address Bruksgatan 22				Conta	Contact person				
SE-333 75 REFTELE Tele					elephone +46 371 570 100				
Website: E-n									
Does the company have an environmental management system?				X Ye					
The company possesses certification in compliance with	⊠ ISO 9000	00 S ISO 14000 Other If "other", please specify:					lease specify:		
Other information:									
3 Product information									
Country of final manufacture	Sweden	If countr	y can	not be s	tated, pl	ease state why	У		
Area of use Dome	stic Heating inst	tallations							
Is there a Safety Data Sheet for this product?						Yes No			
In accordance with the regulations of the Swedish Chemicals Agency, please state: Labelling				Not relevant					
Is the product registered in BASTA?							☐ Yes ☐ No		
Has the product been eco-labelled? Criteria not found Yes No If "yes", please specify:									
Is there a Type III environmental declaration for the product?							Yes No		
Other information:									
		<u></u>							

4 Contents (To add a new green row, select and copy an entire empty row and paste it in)

At the time of delivery, the product comprises the following parts/components, with the chemical composition stated:									
Constituent materials/ components	Constituent substances	Weight % or g	EG no/ CAS no (or alloy)	Classifi- cation	Comments				
Steel		32%							
Electronics		4%							
Brass		43%							
Aluminium		5%							
Plastic		10%							

Conner			<i>E</i> 0/						
Copper Other information:			5%						
If the chemical composition of	the product often	it is built in	difform	From the	ot ot the	n time of deli	warr th	a aanta	nt of the
finished built in product show									
Constituent materials/ components					EG no/ CAS no (or alloy)		Classifi- cation		Comments
Other information:									
5 Production phas	e								
Resource utilisation and enways:	vironmental im	pact during	g produ	ction (of the i	tem is repo	rted in	one of	the following
1) Inflows (goods, intermoutflows (emissions an	ıd residual produ	cts) from it	, i.e. fro	m "gat	e-to-ga	ate".			
2) All inflows and outflo		action of ra	w mate	rials to	finishe	ed products i	.e. "cra	dle-to-	gate".
3) Other limitation. State						1 1 42 .			
The report relates to unit of p	roduct	∐ Repoi	Reported product The product's product group				s The product's production unit		
Indicate raw materials and i	ntermediate go	ods used in the manufacture of the product					☐ Not relevant

		Proportion recycled Material Energy							
Residual product	Waste code	Quantity	l l	ecycleo		Energy recycled %	$ _{\mathbf{C}}$	ommer	nts

If "yes", please specify:

☐ No

Is there a description of the data accuracy for the

manufacturing data?
Other information:

☐ Yes

6 Distribution of finished pr	oduct										
Does the supplier put into practice a system for returning load carriers for the product?						nt Y	es	⊠ No			
Does the supplier put into practice any systems involving multi-use packaging or the product?							'es	⊠ No			
Does the supplier take back packaging for the product?								⊠ No			
Is the supplier affiliated to REPA?					lot relevar	nt 🔲 Y	es .	⊠ No			
Other information:							•				
7 Construction phase											
Are there any special requirements for the product during storage?						es", please specify:					
Are there any special requirements for adjace building products because of this product?	nt Not rele	Not relevant Yes		No If "y		es", please specify:					
Other information:											
8 Usage phase											
Does the product involve any special require intermediate goods regarding operation and		Yes	⊠N	O	If "yes",	, please specify:					
Does the product have any special energy s requirements for operation?	upply						, please specify:				
Estimated technical service life for the proc	Estimated technical service life for the product is to be entered according to one of the following options, a) or b):										
a) Reference service life estimated as being approx.	10 years				_		Comments				
b) Reference service life estimated to be in	b) Reference service life estimated to be in the interval of 10-30 years										
Other information:											
9 Demolition											
Is the product ready for disassembly (taking apart)?	Not re	☐ Not relevant			☐ No	If "yes", please specify: Screws		se specify:			
Does the product require any special measure to protect health and environment during demolition/disassembly?	res Not re	Not relevant			No No	If "yes",	se specify:				
Other information:											
10 Waste management											
Is it possible to re-use all or parts of the product?	☐ Not re	☐ Not relevant			☐ Yes ☐ No		If "yes", please specify:				
Is it possible to recycle materials for all or parts of the product?	☐ Not re	☐ Not relevant		⊠ Yes		If "yes", please special Metal components					
Is it possible to recycle energy for all or par of the product?	ts Not re	☐ Not relevant		es	□ No	If "yes", please specif Plastic components					
Does the supplier have any restrictions and recommendations for re-use, materials or energy recycling or waste disposal?	☐ Not re	☐ Not relevant ☐ Y		es	☐ No If "yes", plea		pleas	se specify:			
Enter the waste code for the supplied produ Paper EWC 200101	ıct Metal: EW0	C 200140, P	lastics:	EWC	200139						
Is the supplied product classed as hazardous waste?								⊠ No			
If the chemical composition of the product delivery, meaning that another waste code i If it is unchanged, the following details can	differs after hav s given to the fi							of			

Enter the waste code for	the built in product							
Is the built in product classed as hazardous waste?								
Other information:								
11 Indoor envir	onment (To add a	new green row, select and o	copy an	entire empty row and	paste it in)			
When used as intended,	The product does not have any emissions							
Type of emission	Quantity [µg/m²h]	or [mg/m³h]	Meth	nod of	Comments			
		26 weeks	mea	surement				
	4 weeks							
Can the product itself give rise to any noise?				ot relevant	Yes	□No		
Value Unit			Method of measurement					
Can the product give rise	Can the product give rise to electrical fields?			☐ Not relevant ☐ Yes ☐ No				
Value Unit			Method of measurement					
Can the product give rise to magnetic fields?			☐ Not relevant ☐ Yes ☐ No					
Value Unit				Method of measurement
